Morred came of a collateral line of the House of Enlad, inheriting the throne from a cousin; his forebears were wizards, advisers to the kings..The white-haired man looked at the two women. Other people had come forward, and there was some ledge covered with weakly fragrant flowers, as if we had reached the terrace or balcony of a dark. All that is certain is that the name Segoy is an ancient respectful. When in 730 the first Archmage of Roke, Halkel of Way, excluded women from the school, among his Nine Masters only the Patterner and the Doorkeeper protested; they were overruled. For more than three centuries, no woman taught or studied at the school on Roke. "Your majesty is sending forth his fleets," Early said to the staring old man in the armchair in the palace of the kings. "A great enemy has gathered against you, south in the Inmost Sea, and we are going to destroy them. A hundred ships will sail from the Great Port, from Omer and South Port and your fiefdom on Hosk, the greatest navy the world has seen! I shall lead them. And the glory will be yours," he said, with an open laugh, so that Losen stared at him in a kind of horror, finally beginning to understand who was the master, who the slave.. Soon, he thought now, he would not need one. He would have real power over her. He had finally seen how to get it. She had given it into his hands. Her strength and her willpower were tremendous, but fortunately she was stupid, and he was not.. Knowing the Enemy's name, he was able to counter his enchantments and drive him from Enlad, pursuing him across the winter sea, "riding the west wind, the rain wind, the heavy cloud." Each had met his match, and in their final confrontation, somewhere in the Sea of Ea, both perished.. "He knows that, sister," Mead told her. "Didn't he tell us he was a ship carpenter? But it's a terrible long way down to the sea, surely. With this wizard on your scent, how are you to go there?" . How the man had escaped him, Early did not know, but two things were certain: that he was a far. the spirit of one long dead. "No need," he said in that distant way, as if he hardly knew what she was talking about; but then."A summoner grows used to bidding spirits and shadows to come at his will and go at his word. Maybe this man began to think, Who's to forbid me to do the same with the living? Why have I the power if I cannot use it? So he began to call the living to him, those at Roke whom he feared, thinking them rivals, those whose power he was jealous of. When they came to him he took their power from them for himself, leaving them silent. They couldn't say what had happened to them, what had become of their power. They didn't know..Men and women of the Hand had joined together on Roke a hundred or more years ago, forming a group of people under the big oak on the hilltop.
