It is summer in the northern hemisphere: Utopia is wide and dark. The planet fills the screen, and now he turns northward, over the cratered desert still hundreds of miles distant A dust storm, like a yellow veil, obscures the curved neck of Thoth-Nepenthes; then he is beyond it, drifting down to die."Well have to get cutting tools from the ship," he told his crew. "They're probably in there. What a place this is! I can see we're going to be busy." He walked along the edge of the dense growth, which now covered several acres. He came to a section where the predominant color was purple. It was strangely different from the rest of the garden. There were tall whirligig derricks but they were frozen, unmoving. And covering all the derricks was a translucent network of ten-centimeter-wide strips of plastic, which was thick enough to make an impenetrable barrier. It was like a cobweb made of flat, thin material instead of fibrous spider-silk. It bulged outward between all the crossbraces of the whirligigs..We made the cold dash across the beach to die cabin, picking up our clothes on the way. Inside we huddled together wishing for a fire and toweled ourselves dry while the polycarpet ran rainbows of browns and electric blues around our feet. In the course of it I got my arms around Selene. I pulled her against me.
