

## ETROPOLITAN TABERNACLE WITH A LIST OF THE BEST BIBLICAL COMMENTARI

Early never disregarded any triviality Hound mentioned, because so many of them had proved not to. The hierarchic and centralising tendency of this religion lent support at first to the ambition of the Kings of Hupun on Karego-At. By force of arms and diplomatic maneuvering, the House of Hupun within a century or so conquered or absorbed most of the other Kargad kingdoms, of which there had been more than two hundred. Note on dates: Many islands have their own local count of years. The most widely used dating. All this took only two days, and all the time Early was looking and probing toward Endlane. He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's reason. "wise, eh?" he said. "Maybe the Doorkeeper." He looked at her now, not glancing but squarely, his from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with. At last she moved, and kissed his cheek, and whispered, "I missed you, I missed you, I missed you. isn't saved, isn't taught? If books could be brought together in one place..." He had never told Ogion anything about his first teacher, a sorcerer of no fame, even in Gont, and perhaps of ill fame. There was some mystery or shame connected with Ard. Though he was talkative, for a wizard, Heleth was silent as a stone about some things. Ogion, who respected silence, had never asked him about his teacher. "Tomorrow," he said, and strode off. one. brass the wide, vaned wings opened and the dragon sprang up into the air, circled Roke Knoll once. It was as strangely quiet as the farmlands. Not a voice, not a face. It was difficult to feel uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder if he was indeed in a plague-stricken place or an island under a curse. He went on. Between a house and an old plum tree was a wash line, the clothes pinned on it flapping in the sunny breeze. A cat came round the corner of a garden, no abandoned starveling but a white-pawed, well-whiskered, prosperous cat. And at last, coming down the steep little street, which here was cobbled, he heard voices. It grew darker quickly. A haze was coming up from the south, blotting out the sky. Only above the Dragonfly waited. "It's the power, like I said. It comes just so." Rose stopped her spinning and. He had not known how tired he was until he came to haven. He spent all that day drowsing before bedizened baby's face and whisper, adoring, "My immortality!" Later he knew he should never have let the boy leave the house. He had underestimated Diamond's willpower, or the strength of the spell the girl had laid on him. Their conversation was in the morning; Hemlock went back to the ancient cantrip he was annotating; it was not till supper time that he thought about his pupil, and not until he had eaten supper alone that he admitted that Diamond had run away. From time to time in the years since then, Dulse remembered how he hadn't lost his temper when Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like that of finishing the last bite of a perfectly ripe pear. substance but of dizzying motion. He touched the earth of the tunnel's end, took clods of earth in his hands, rolled the dirt in his palms, kneading, testing, tasting it. For that time he was silent, and Otter watched him with staring intensity, still trying to understand.. But a year or so later he saw Diamond out in the back garden with his playmate Rose. The children were squatting on their haunches, heads close together, laughing. Something intense or uncanny about them made him pause at the window on the stairs landing and watch them. A thing between them was leaping up and down, a frog? a toad? a big cricket? He went out into the garden and came up near them, moving so quietly, though he was a big man, that they in their absorption did not hear him.
