"A scandalous exhibition!" he declared as he sliced a portion of melon cultivated in the Kansas module and added it to the fruits on the plate by his aperitif on the table before him. "Nobodies and Cretins, all of them. Not one of them had any representative powers worth speaking of. Yet it's clear that a governing organization of some kind must exist, though God knows what kind of people it's made up of, judging from the state the town's in a total shambles. The only conclusion can be that they've gone to ground and won't come out, and the population as a whole is abetting them. I think John's right--if they're as good as inviting us to take over, we should do so and be done with it." "This nutball is driving you and Luki around looking for aliens with healing hands." Leilani pretended puzzlement. "Stop what?" "Not as her anger had been in the past, but it had the potential to quicken. The long day of rejection left her ear-to-ear electrocution, because that'll leave me alone with my pseudofather." "Any kind. After the juice, all he can count on is kicking their sex organs.. sound arises, faint but unmistakable: helicopter rotors beating the thin desert air.. the crushed blades under him, and scrambles at once to his feet.. Something isn't right, the silence too deep. Perhaps Curtis's parents have awakened.." "Nonsense, Micky," Geneva said. "Tomorrow I can bake another apple pie all for you." The Chironian reflected upon the explanation, evidently found it good enough, nodded, and passed over his pistol. The girl who had wounded Ramelly followed suit. Significantly, Colman thought, the major did not ask her companion if she too was armed. Amy screwed her face up and rubbed the bridge of her nose with a finger. "I suppose I'd have to be crazy." "End of a hangman's noose. Leilani looked away almost at once, and yet on the strength of a single." "I went, but I didn't listen much. Besides, you aren't studying amoebas and parameciums in fourth grade." Along the left wall were high-backed wooden booths with seats padded in red leatherette, a few.. fight. Right now, he'd rather explore a graveyard or a scarab-infested pyramid with mummies on the march, or.. "I'm not sure I believe in life before death," Micky said.. The other two followed his gaze to a Chironian wearing coveralls and a green hat with a red feather in it, painting the lower part of a wall of one of the houses. Near him was a machine on legs, a clutter of containers, valves, and tubes at one end, bristling with drills, saws, and miscellaneous attachments at the other. A ground vehicle with a multisectioned extensible arm supporting a work platform was parked in front; and from a few yards to one side of the painter, a paint-smearing robot, looking very much like an inexperienced apprentice, watched him studiously. The Chironian was as old as any that Colman had seen, with a brown, weathered face, but what intrigued Colman even more was the house itself, which was built after the pattern of dwellings on Earth a hundred years earlier--constructed from real wood, and coated with paint. It was not the first such anachronism that he had seen in.. She had hoped that such studies would bring her closer to comprehending how inanimate matter had organized itself to a complexity capable of manifesting life, and she rationalized it outwardly by telling herself that her knowledge would contribute to feeding the exploding population of the new America. The snake lay looped like a tossed rope on the floor, as dead as Leilani had left it.. Jay was evidently developing a feel for Chironian directness. "We're kind of curious about the people inside," he said. "Especially my dad. It's funny that he wasn't told anything about it." "Leilani, you can't go on living with her." "Exactly what Jeeves told Jay when he asked.. an accident with a magnetic antimatter confinement system; so it was a good thing we decided to store it well away from Chiron. We could hardly disguise that after it happened, which was another good reason for needing the Kuan-yin." "The people who have fled the

"So what made you join?" "It was a group, just like I've been saying--something to belong to. I'd always been on my own, and I went around causing trouble just to get noticed. People are like that. It doesn't matter what you do, whether it's good or bad, as long as you do something that makes people notice that you're there. Nothing's worse than not making any difference to anything." Colman shrugged. "I beat up a guy who asked for it but happened to have a rich dad, and they offered me the Army instead of locking me up because they figured it was just as bad.
