Her mother and aunt called her Flag when they spoke of her..man cowered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong..It was Golden's grandest party yet, with a dancing floor built on the town green down the way from Golden's house, and a tent for the old folks to eat and drink and gossip in, and new clothes for the children, and jugglers and puppeteers, some of them hired and some of them coming by to pick up whatever they could in the way of coppers and free beer. Any festivity drew itinerant entertainers and musicians it was their living, and though uninvited they were welcomed. A tale-singer with a droning voice and a droning bagpipe was singing The Deed of the Dragonlord to a group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum took time off for a breather and a swig, a new group hopped up onto the dance floor. "Hey, there's Labby's band!" cried the pretty girl nearest Diamond. "Come on, they're the best!".with counters. "What can I do for you?" he said. He did not smile, but his voice was pleasant..disposed of. It was humiliating, again, to be outwitted by the very stupidity of these people; and.He had never told Ogion anything about his first teacher, a sorcerer of no fame, even in Gont, and perhaps of ill fame. There was some mystery or shame connected with Ard. Though he was talkative, for a wizard, Heleth was

silent as a stone about some things. Ogion, who respected silence, had never asked him about his teacher. He found a carter who would carry them down to Endlane, Otter's mother and sister were living with cousins while they rebuilt their burned house as best they could. They welcomed him with disbelieving joy. Not knowing Hound's connection with the warlord and his wizard, they treated him as one of themselves, the good man who had found poor Otter half dead in the forest and brought him home. A wise man, said Otter's mother Rose, surely a wise man. Nothing was too good for such a man. He stood there a long time before he went down through the high grasses and the sparkweed. At the which useful, which dangerous; why some people had one gift but not another, and whether you could. would hear that cough, this time? He smiled at young Rose, and the mother's heart lifted. Ogion, who respected silence, had. imagined and found startling, unwelcome, even painful, altering all her beliefs..years old, "Why did you have me if you didn't want me?".. "Irian of Way, my lords," said the Doorkeeper. They were all silent. He motioned her to come farther into the room. "The Master Changer you have met," he said. He named all the others, but she could not take in the names of the masteries, except that the Master Herbal was the one she had taken to be a gardener, and the youngest-looking of them, a tall man with a stern, beautiful face that seemed carved out of dark stone, was the Master Summoner. It was he who spoke, when the Doorkeeper was done. "A woman," he said..the flare of candles among jagged shadows. He touched the earth of the tunnel's end, took clods of. only place for him was the Great Port, the King's City, and for all he cared the island of Way. "Ard. My teacher." "When Diamond put the lists of names to tunes he made up, he learned them much faster; but then the tune would come as part of the name, and he would sing out so clearly-- for his voice had re-established itself as a strong, dark tenor -- that Hemlock winced. Hemlock's was a very silent house..you were walking again among familiar trees, oak and beech and ash, chestnut and walnut and. experience, for all the classes in the School cannot give a man the experience he needs to be a. Where he went then, the songs don't tell. They say only that he wandered, "he wandered long from land to land." If he went along the coast of the Great Isle, in many of those villages he might have found a midwife or a wise woman or a sorcerer who knew the sign of the Hand and would help him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea..around one another, in groups of six, eight, blocking the way across the entire thoroughfare, came. "I cannot read them." Otter's voice was toneless. "I cannot go there. No one can enter there in. glass, perfectly transparent. The entrance was nearby. Inside, someone began laughing and. "Destroy us? Destroy this hill? The trees there?" She looked down to a grove of trees not far from the hill. "Maybe Segoy who made them could unmake them. Maybe the earth will destroy herself. Maybe she'll destroy herself through our hands, in the end. But not through yours. False king, false dragon, false man, don't come to Roke Knoll until you know the ground you stand on." She made one gesture of her hand, downward to the earth..arrived. Licky had left Otter outside sitting in the sun rather than in the room in the barracks..Maybe this man began to think, Who's to forbid me to do the same with the living? "They know the Rule doesn't allow them."..better hire on while he'll take you."..Ivory, had been all too unprotected. If anybody was under a spell of chastity it must have been. himself again, but sick as a dog, as who could blame him, and all the while there was this light. The Summoner, who had been standing with his back to them, facing the fireless hearth, turned round. "The names witches give each other are not our concern here," he said. "If you have some interest in this woman, Doorkeeper, it should be pursued outside these walls - outside the door you vowed to keep. She has no place here nor ever will. She can bring only confusion, dissension, and further weakness among us. I will speak no longer and say nothing else in her presence. The only answer to conscious error is silence."..body understand his body, repeating that first, deep embrace that had held all the years of their. One morning one of Alder's cowboys turned up in the front yard riding a horse and leading a saddled mule. "Master Alder says Master Otak can ride her, it being a ten-twelve miles out to the East Fields," the young man said..But he made no spell. He had no magic left in him. It was gone, run out of him into this terrible hill, into the terrible ground under him, gone. He was no wizard, only a man like the others, powerless..isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward. Though he was talkative,..name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him.. "Ivory! That fellow that studied with the Hand? Is he here?" the Changer demanded of Irian, wrathily. She stood straight and said nothing..The Kargish version of the story, told as a sacred recital by the priesthood, says that Intathin defeated Erreth-Akbe, who "lost his staff and amulet and power" and crept back to Havnor a broken man. But wizards carried no staff in those years, and Erreth-Akbe certainly was an unbroken man and a powerful mage when he faced the dragon Orm..the songs and be prepared for his naming day."
