His voice is like a sword coming out of its scabbard, an angry, menacing, deadly metal-on-metal rasp. "You take us to these God-damned Sreen of yours and let us talk to them." "Shh. I'm going out. Go back to sleep. Song?" bead. "You're breaking an agreement." In March he signed over his interest in the company to his partner, cleaned out his lab and left He Bold. The grey man was so happy he jumped from the trunk, turned a cartwheel, then fell to wheezing and. He led Amos, still tied, to a small door in the wall. "In there is my jewel garden. I have more jewels than any man in the world. Ugh! They give me a headache. Go quickly, take your reward, and when you come back I shall show you a man living through the happiest moment of his life. Then I will put you and your jewels into the trunk with my nearest and dearest friend." Would I want to? Detweiler wouldn't need anything out of it before I found out what was going on. If he did, the only thing. Copyright ? 1976, 1977, 1978, 1979, 1980 by Mercury Press, Inc.. 108. sector. You may fire off laser probes to determine the location of Zorph warships. "I mean being in a star's bed." I told her she was a bitch and she laughed. Not. "Thank you, Matt." Congreve's voice rumbled in a gravelly baritone from the speakers all around. He glanced from side to side to take in the whole of his audience. "I, ah--I almost didn't make it here at all." He paused, and the last whispers of conversation died away. "A sign in the hall outside says that the fossil display is in twelve-oh-three upstairs." The American Archeological Society was holding its annual convention in the Hilton complex that week. Congreve shrugged "I figured that had to be where I was supposed to go. Luckily I bumped into Matt on the way, and he got me back on the right track." A ripple of laughter wavered in the darkness, punctuated by a few shouts of protest from some of the tables. He waited for silence, then continued in a less flippant voice. "The first thing I have to do is thank everybody here, and all the NASDO people who couldn't be with us tonight, for inviting me. Also, of course, I have to express my sincere appreciation for this, and even more my appreciation for the sentiments that it signifies. Thank you--all of you." As he spoke, he gestured toward the eighteen-inch-long, silver and bronze replica of the as yet unnamed, untried SP3 star probe that stood on its teak base before Congreve's place at the main table. The game started out like a Marx Brothers routine. Lorraine and Johnny acted like two canaries playing Scrabble with the cat, but Detweiler was so normal and unconcerned they soon settled down. Conversation was tense and ragged at first until Lorraine got off on her "career" and kept us entertained and laughing. She had known a lot of famous people and was a fountain of anecdotes, most of them funny and libelous. Detweiler proved quickly to be the best player, but Johnny, to my surprise, was no slouch. Lorraine played dismally but she didn't seem to mind. Nolan rose, stretching, then stepped out into the hall. The shadows were darker here and everything. 252. "His back?" the balls!
