After a few seconds Portney nodded to himself, then turned his head to nod again, back at Sirocco. Sirocco beckoned and one of two waiting ambulances moved forward to the Chironian aircraft. Two soldiers opened its rear doors. Four others climbed inside the aircraft and began moving bodies. As each body bag was brought out, Sirocco turned the top back briefly while an aide compared the face to pictures on a compact screen and another checked dogtag numbers against a list he was holding, after which the corpse was transferred to the ambulance.
