A bother to answer, but curiosity got the best of her..He went to the half wall separating the kitchen and poured two cups from a pot that looked like he had kept hot and full all the time. He handed me the cup and returned to the stool. "There was something very secretive about him. Not about his feelings; he was very open about things like that." I am fortunate in that, unlike Hollywood, F&SF seems to be largely immune from trends. The magazine has a reputation for offering variety, and to uphold that image, it seems to me that it must carefully avoid trends and formulas in an effort to publish a balance of different types of fantasy and sf.
